31	To godkjente svar: could not couldn't
32	1. as 2. was

	3. no
33	<ol style="list-style-type: none">1. Just imagine the shock and betrayal we felt the following morning, waking up to find that the game suddenly wasn't where we had left off. I still can't...2. I have forgiven her, of course. She's still at it, playing with us, but also her own games on the computer. The fun thing...3. For instance, my grandmother and my sister always have equal amounts of fun when they sit down to play together. Even my friends...4. Most of their mums don't like their gaming, and all they hear, over and over again, is that they've been gaming too much and for too long. It's refreshing...
5. I honestly think that if parents stopped nagging, and instead met their teenagers with kindness, open-mindedness, and tolerance, they could...
